

# Queen Victoria

Sail to exotic destinations such as the Orchid Isle (as Hawaii is often known), where rich rainforests and macadamia nut plantations have created a delightful patchwork landscape. Visit Oahu's very own Grand Canyon and observe the views from your lookout at 1,036 metres. Closer to home, Odessa's Viennese Baroque-style opera house and the Potemkin Steps await, as does the opportunity to brush up on your history by visiting the Temple of Artemis and the Library of Celsius in Ephesus.
