## PRESS RELEASE

### ELEGANT RESORTS RELEASES DEDICATED MAGAZINE FOR TRAVEL AGENT PARTNERS

---

Luxury Tour Operator Elegant Resorts has released its new edition of its Elegant Traveller Magazine, and for the first time its content has been recreated with agents and Private Travel Designers' agents in mind.

The operator has created this inspirational piece as a white-label that can be accessed via the dedicated [agent portal](#) so agents can send on to their clients. Bespoke copies have also been created to include agent logos.

Within the magazine, agents will find the operator's picks of the hottest new hotel openings and launches around the world. There is also a focus on the best all-inclusive resorts from Barbados to Thailand and French Polynesia to Crete, as well as a selection of the best places for active holidays to escape from screens.

Elegant Resorts Managing Director Lisa Fitzell commented: "We are delighted to unveil our latest edition of Elegant Traveller and excited to provide white label and bespoke copies for agents and our team of Private Travel Designers to send on to their agent partners. We hope the magazine can bring some inspiration and support to sell unforgettable luxury holidays. "

With ambitious growth plans, Elegant Resorts is expanding its team of Private Travel Designers and looking for two highly knowledgeable and professional luxury travel experts to use their extensive industry knowledge to offer their clients extraordinary holidays. Private Travel Designers are offered a fully flexible working environment, uncapped commission with a generous split and no set up fees.
