Through this new brochure, Elegant Resorts is launching a range of private and escorted tours including an around the world trip in fifty days.

To help clients enhance their journey, the specialist team at Elegant Resorts has highlighted personal recommendations; an 'Authentic Experience', which showcases the very best a destination has to offer, and 'Through A Local Lens', which brings clients the opportunity to immerse themselves in the local culture and community.

Managing Director Lisa Fitzell commented: "I'm so excited about the launch of our new brochure, Journeys + Experiences. As a business, we've listened to our clients and their increasing desire for more inspirational and thrilling travel options. It was this insight that drove us to create our new and exciting brochure, packed full of worldwide itineraries and expeditions. For the very first time, we're also giving clients the option to join an escorted group tour via our new partnership with National Geographic, as well as other specialists. There is something special for every traveller, and we hope that this brochure will inspire, excite and get people to dream about new places to visit in style."
