PRESS RELEASE

ELEGANT RESORTS DONATES FOOD AND DRINK SUPPLIES TO THE COUNTESS OF CHESTER HOSPITAL AMIDST COVID-19 CRISIS

Luxury tour operator Elegant Resorts is supporting the local community by donating food and drinks treats to The Countess of Chester Hospital, to support their team of NHS employees, who are working hard in the fight against COVID-19.

The NHS is a cause close to the company's heart, as Elegant Resorts has previously supported the Babygrow Appeal and Neo-Natal Unit at The Countess of Chester Hospital.

Lisa Fitzell, Managing Director of Elegant Resorts said "Each week our staff have been showing support to the wonderful NHS by clapping every Thursday and displaying Rainbows on houses. However, we wanted to go further, so as a small gesture to show our thanks to staff at The Countess of Chester, we have donated a care package of 380 snacks, to help boost morale as they work intensively to care for patients at this time. We are also donating £100 to NHS Charities Together for all new holiday bookings made before 31 July 2020".

Craig Jones of Elegant Resorts, delivered the care packages to staff at The Countess of Chester Hospital.

Speaking on behalf of The Countess of Chester Hospital NHS Foundation Trust, Nicola Stubbs, Corporate and Events Fundraiser, said "The Countess Charity is delighted that Elegant Resorts has chosen to support The Countess of Chester Hospital by making a donation of over 300 drinks and snacks. The donations were distributed to over 50 departments at the hospital to boost staff spirits at this difficult time. Thank you very much for your support!"
